Notes

An advanced deposit of **\$4,000.00** is necessary to start the training and this money goes to cover ground school and other training costs and supplies.

Students are required to purchase a renter's insurance policy from AOPA/Assured Partners for a minimum of \$60,000 for Non-Owned Aircraft Damage, if their course requires solo training or rentals.

If the pilot in training continues with the additional ratings from part 61, extra fees will be charged for each rating, including FAA written test and FAA examiner fee.

At the Commercial Pilot stage, students may complete the time-building requirement either as solo flight time or as shared flight time.

All times above are estimates and based off FAA minimum times and the syllabus followed by the school. Total price for each student will vary for each individual and will typically be higher than the minimum
